

HONOR MEMORY OF MOKENA HEROES

Freedom Train In Chicago All Week In Joliet Sun. 11

The Freedom Train is in Chicago this week, July 5-9, at Waldron Drive (16th street) at the south end of Soldiers Field, with its exhibits open from ten to ten.

It comes to Joliet; next Sunday the 11th, where it will be switched to the spur track at Cass and Michigan streets just east of Scott, and will be open for inspection from 10 a. m. to 10 p. m.

The coming of this train is a historic event, of the first importance.

An average of 10,000 persons per hour can be handled through the train.

Its priceless cargo of 100 American documents that dramatize our American heritage of freedom is a sight that nobody will want to miss.

The timely slogan of the Freedom Train is: Freedom is EVERYBODY'S Job!

JUNE BERTLESEN MELVIN KROPP MARRIED JUNE 26

Miss June Bertlesen of Homer township became the bride of Melvin Kropp of Mokena at a pretty wedding performed in St. John Evangelical church in Mokena June 26 at 7 o'clock with Rev. William Riemann officiating.

The church was decorated with palms white peonies, glads and candles.

Mrs. Roy Kropp presided at the organ and accompanied Mrs. Adolph Steen when she sang, "Always," "Because" and "Through the Years."

The bride wore a white mouseline de sole gown over white satin, with a long train. The gown was trimmed with chantilly lace and she wore a veil with a long train. She carried a bouquet of white roses.

The matron of honor was Mrs. Jean Hansen and the bridesmaids were Mrs. Lois Bertlesen, Mrs. Glenna Bertlesen, Mrs. Glenna Rankin and Miss Dorothy Kohl. Their gowns were identical, made of yellow mauve de sole and their bouquets were white daisies and yellow corn flowers with wreaths of the same in their hair.

The little flower girl was Cherrie Bertlesen, who wore a gown identical as that of the brides. The ring bearer was Ronald Yunker, nephew of the groom.

Edwin Yunker of Mokena served his brother in law as best man and ushers were Leigh Kropp, Leonard Bertlesen, John Bertlesen, and Walter Hentsch.

The bride's mother wore a gown of powder blue and the groom's mother wore navy blue with white accessories. Both wore a red rose corsage.

A reception was held in St. Mary's hall for 200 guests.

The new Mr. and Mrs. Kropp left for a motor trip to Niagara Falls, and upon their return will make their home with the groom's mother in Mokena.

The bride is the daughter of Mr. and Mrs. Chris Bertlesen of Homer township and the groom's parents are Mr. and Mrs. Karl Kropp of Mokena.

"Palie" -- In Memoriam

by GUY BILSLAND

Probably everybody for miles around Mokena knows Pal, or "Palie," the pet dog of the Semmler family, and for 12 years the mascot of the News-Bulletin and other Semmler papers.

Who has not seen his bright, alert face, his straight, upright ears, and his curved, bushy tail, always ready with a friendly wag for everybody, as he made the rounds in the old days with Will and Ada or Adeline for news and ads and on friendly calls.

And who, that has been a guest, as has this writer, in the Semmler home, does not remember how "Palie" would put on his act of retrieving and carrying a folded newspaper about the room. Not a mad rush to get the paper and get it over with. Not for Palie! For him it was a sort of ritual, as he would pick up the paper gracefully, then proudly, head up and curved tail wagging, strut his stuff slowly around the room, thoroughly conscious of the fine snow he was putting on!

But Pal was not always the parlor pet. He has been known to go out and get himself into dog fights; sometimes victor, sometimes obviously the worse for the encounter. Only a month ago he required veterinarian service after such an experience.

For some time lately Palie had been showing signs of old age.

Last Monday, the 5th, as the folks were preparing to go to the Marley picnic, Pal was taken with sudden convulsions and paralysis. It became Mrs. Semmler's painful duty to call Dr. Rooney, and have Palie put to sleep. He was given a peaceful burial under a tree in the yard, between the home and shop. And who shall say that Palie's spirit is not with the departed master who loved him and he loved so much.

Attend Summer Course At Morton Arboretum in Lisle

Through the keen and friendly interest of Mrs. Hugo Neithammer of Mokena, a group of girls were afforded the privilege of attending a summer class held in the Morton Arboretum in Lisle, Ill., last week.

Through the interest of Mr. and Mrs. Morton, each summer they make possible the following courses, free to all who are interested: "Knowing Plants," seven Tuesday evenings for 2 1/2 hours with field trip, lecture-discussion-laboratory work.

"Sketch Group," with a short indoor meeting for a presentation of the basic character and background of the problems of today, and the teaching of sketching.

"Summer Botany," working indoor and outdoor to become acquainted with plants in their summer aspect. "Forestry courses and Tree Finding course," the latter the course the Mokena group chose. There is no charge for this offering and the Thornhill building and the breezy shaded hillsides of the Arboretum offer pleasant surroundings for summer classes.

Mrs. Neithammer drove in her car taking the following girls: Patsy Steele, Joan Rueckert, Joyce Werner and Audrey Neithammer. The work books of these girls show their interest and are works of art showing much sincere application.

There is no charge for these courses and the Arboretum invites all to avail themselves of this opportunity. To insure having a place in a certain group, registration should be made in advance with the Registrar, Thornhill Building, The Morton Arboretum, Lisle, Ill., or call Downers Grove 74.

THREE HUNDRED FRIENDS GATHER TO HONOR DR. COADY'S BIRTHDAY

Minooka residents really outdid themselves last Saturday afternoon when they planned a surprise picnic to honor one of their beloved citizens, Dr. J. J. Coady, when they gathered, 300 strong, in the lovely McKinley forest preserves at Channahon and observed Dr. Coady's 74th birthday. It was a complete surprise especially when he saw his Mokena friends.

As the Coady family arrived, the guests sang, "Happy Birthday" to the doctor. Visiting occupied the time before the picnic supper was served.

In our conversation with Dr. Coady, who was very modest, considering his active life, he said that it is much easier to practice medicine today, with all the new drug developments during the past years.

Dr. Coady, in starting out in his practice of medicine and surgery, in Mokena 41 years ago, used a horse and buggy to make his calls, often hired them from the Henry Stellwagen livery in Mokena. Such model conveyance was used when he moved to Minooka. Snow storms, rain or blazing heat did not stop him when sick patients needed his help.

His first car, a Maxwell coupe, he bought in 1911 and he thought it really was THE thing.

When Dr. Coady went to Minooka in 1912 he took over the practice of Dr. John Brinkerhoff, an uncle of Mrs. Coady's. When the latter passed away in 1916 Dr. Coady then took over the drug store of Dr. Brinkerhoff. In 1936 a fire destroyed the office and instruments of Dr. Coady, making a new start necessary in a new location. He is a member of the Will-Grundy County Medical association and American Society of Railroad surgeons. He has been surgeon for the Rock Island railroad at Minooka and member of the staffs of both St. Josephs and Silver Cross hospital.

In addition to his medical work, he found time to serve his community as its mayor for 16 years. He is now occupying his time by managing two farms.

The two long picnic tables groaned under the weight of all the good things to eat, among which was a four-tiered birthday cake, inscribed "Happy Birthday, Dr. Coady."

Presiding at the microphone after the supper, was John McGivelly of Minooka as master of ceremonies. He proved to be a good entertainer as he sang several old time songs. On behalf of Minooka people he presented to Dr. Coady a wrist watch with a gold expansion band, and in fitting words expressed the love and faith all had in the doctor, advising him that this watch was to tell him of hours of rest and happiness and not hours of toil.

SEEK LAWS TO KEEP VETS OFF CHARITY ROLL

Work started by the Oak Forest Service Committee sponsored by Owen W. Winter Jr. Post 4241 VFW, in the interest of veterans hospitalized at the Oak Forest V.T. sanitarium, has met with a surprising measure of success. Due to the energetic intervention of Orland J. Smith, third division commander and commander of Markham Memorial post VFW, the Owen W. Winter post was given permission to present a substitute resolution, drawn up by one of the post's delegates, after their arrival late.

This resolution embodied a mandate to the department of Illinois VFW, to seek immediate enactment of legislation prohibiting the hospitalization of any veteran in any county or state charitable institution, except during an emergency, and then only for the duration of such emergency; the cost to be defrayed by the Veterans Administration. If prolonged care in such institutions becomes necessary for any reason, such care is to be in separate wards or rooms, supervised, controlled and paid for by the Veterans Administration. The resolution, containing a clause for presentation to the national encampment at St. Louis in August, was unanimously adopted.

Plans are being started to enlist the aid of civic organizations toward speedy enactment of legislation to keep veterans out of charitable institutions since they do not get many of the things they are entitled to under federal law, besides being an additional burden to already highly taxed property owners.

The yearly cost to Cook county taxpayers for the care of the veterans now hospitalized at Oak Forest, according to figures in the 1947 report of the board of county commissioners, amounts to more than \$45,000 which could well be subtracted from the 25 billion or more to be spent by the government for European relief and which could be turned over to the Veterans Administration to pay a debt owed at home, according to the Oak Forest Service Committee.

NEW LENOX CLUB TO ATTEND CAMP NEXT WEEK

The Blue Bird 4-H club of New Lenox met Tuesday afternoon in the Methodist church parlors. Plans were made for members to spend four days at camp Shaw-waw-nas-see, near Kankakee. Twelve girls will leave next Monday for the camp.

The next meeting of the club will be July 19.

pressed the love and faith all had in the doctor, advising him that this watch was to tell him of hours of rest and happiness and not hours of toil. And to Mrs. Coady, the ideal doctor's wife, who shared with the doctor the heart aches and joys of the people of the community, was presented travel luggage, as they plan to travel. Miss Elmira McGovney, on behalf of the Mokena group, presented to the doctor a leather billfold.

In responding, Dr. Coady said there is a time when the tongue fails to give expression of the heart. He told the friends that they were loyal to him, beyond hopes of any doctor, that he tried at all times to be loyal to them, rejoiced when they rejoiced and grieved when they were sorrowing. He not only ministered to their physical needs, but was their counselor. He said words could not express his appreciation of their friendship and that it was no easy thing to cease his practice of medicine, but that last year he realized he was coming to the end of that road, and so in looking for one to take his place (if that were possible) he chose Dr. G. P. Durand whom he highly recommended to all.

Dr. Durand, in his brief remarks, said he hoped the people of Minooka would look upon him 36 years later as they do now on Dr. Coady. And he said he hoped God would bless him, to make him wise and help him not to make mistakes.

Mrs. Coady spoke briefly of her appreciation, and said they were so happy to have with them on this occasion, Miss Mildred Heap, their telephone girl, who always took care of their calls in their absence. Miss Heap is confined to a wheel chair, having never walked in all her 39 years.

We couldn't help thinking this is the passing of "the old family doctor," which is a community loss, as they are in a class by themselves.

Attending from Mokena were: Mr. and Mrs. Arthur Maue, Mr. and Mrs. Clarence Mast, Mr. and Mrs. Lawrence Kohl, Mrs. Amanda McGovney, Mrs. Rose Moriarty, Mrs. Margaret Semmler and Miss Elmira McGovney.

Also attending besides the doctor's wife and daughters, Mrs. Marjorie Erickson, Miss Charlene Coady, son John and three grand children, was his sister from Iowa, and Mr. and Mrs. Oliver Brinkerhoff and Mrs. Frank Brinkerhoff and son of Chicago. We were sorry to learn today of the sudden illness of our friend Oliver Brinkerhoff who is a patient in Silver Cross hospital.

George Bruhn Hurt When Car is Ditched On Way To Work

George W. Bruhn, Mokena received severe injuries last Saturday morning as he was driving to Tinley Park where he is employed at the Mancke & Radcliffe Implement store.

Just before he reached Herbert Bettenhausen place on 171st street, he lost control of his car which went into a ditch and over-turned. Riding ahead of him a short distance, was another employee of the same place, Earl Moss, also of Mokena, who saw the accident happen thru his rear view mirror. He continued to Tinley Park and returned at once with help for Bruhn.

Bruhn was removed to Silver Cross hospital by the Hirsch Bros. ambulance. X-rays show he is suffering from a fractured pelvis and injury to his arms. He is in a cast and will be confined to the hospital for several weeks.

India Missionaries Weekend Guests Of Rev. and Mrs. Riemann

Rev. and Mrs. Armin F. Meyer and son Danny, en route to India, were weekend guests of Rev. and Mrs. Riemann of Mokena. They spoke to the congregation of St. John's church Sunday morning. In the late afternoon and evening many friends and relatives from the Chicago area dropped in to wish them a good voyage.

Monee F-Men To Hold Picnic Sunday

The Monee F-Men will hold their 6th annual picnic July 11 at Monee fair grounds. A program of good entertainment has been planned, starting at 2:30 in the afternoon.

There will be an amateur show, entertainment by several W. L. S. stars.

In the evening starting at 6:30 a ball game between Trein's Steel Co., and South Chicago Heights will be played. Dancing will be enjoyed in the evening.

MAY WILL CO. MILK PRODUCTION

From the General Office of the Bowman Dairy Company, comes the fact that dairy farmers in Will county, received \$27,484.77 for milk delivered during May. Bowman sends monthly figures to this newspaper as soon as they are compiled, thus giving our readers regular reports on milk production in this area.

THEO. OESTREICH SEVERELY HURT IN AUTO ACCIDENT

Theodore (Pete) Oestreich proprietor of the Oestreich Service Company of Joliet, and 74-year-old brother of Mrs. Margaret Semmler and Mrs. Hugh Deadmore of Mokena, is beginning to recover from the serious injuries which he experienced last week in a car crash in Joliet.

He providentially escaped death as he was thrown out of his car and landed on his head, in a collision last Friday afternoon at the corner of Wilcox and Douglas streets, involving his car and one driven by Joseph Malnar, 62, of 754 North Broadway.

Malnar was headed north on Wilcox and Oestreich west on Douglas. The view at this intersection is obstructed by a tall brick wall.

The impact turned Mr. Oestreich's car completely around, catapulted him out of his right door, and inflicted a brain concussion, triple pelvic fracture, head scratches, left elbow cuts, and shock, — a severe experience for a man of seventy-four.

He was taken to St. Joseph's hospital in the Gerald Dames ambulance. He is to be removed to his home this week end, where recovery will confine him in bed for several weeks.

Neither passenger of the other car was injured.

Frankfort Resident Writes of the Portland Flood

Our friend Mrs. Katherine Heisner of Frankfort, who went to the West Coast in June on the Empire Builder to visit her daughter, Mrs. Harold McArthur and family on their ranch at Prineville, near Portland, Ore., has written us the following interesting account of the Portland flood:

Prineville, Ore.
June 28, 1948

Dear Mrs. Semmler:
I arrived here Sat. evening at 7:30 p. m. at my daughter's home in Prineville. Had a wonderful trip all the way out. Didn't fly at all, as the buses were running without any difficulty again. I came out on the Empire Builder and was here in Portland in 43 hours. Then from Portland to Prineville I took the bus on the Waupinitia Pass over the Cascade mountains and thru Cow Canyon and over Crooked River Gorge which has a depth of at least 500 feet (straight drop). I saw Mt. Hood just as though I was just a short distance from it. Wasn't a bit cloudy.

Now about the flooded area in Vancouver and Vancouver, well I just could not believe my eyes the dreadful destruction there. The very first I saw was when I was coming in on the train into Portland (where we followed the Columbia River for at least 200 miles or more) but the flooded area isn't there, it's right near Portland.

In places where the river was usually only 1-2 miles wide, it now is 10 miles or more, covering houses and washing lots of them away down stream. There are lots of chimneys standing and only the tops of them showing out. The Vancouver stock yard grain elevator, feed stores, etc., were in 10 feet of water, most of the material was saved but the trees are uprooted and destroyed. The railroad trestle was also taken out but we were taken over the temporary structure. Am enclosing two pictures of it that I got in Portland.

I received my News-Bulletin today and am so glad to get it here. Thanks so much.

As ever,
Mrs. Katherine Heisner

TO CELEBRATE REOPENING OF 159TH STREET

The Oak Forest Business Men's Association, in conjunction with the Oak Forest village board, will sponsor a three day street dance and carnival with the reopening of 159th st. The tentative date is some time in September. Also being planned is a popularity contest with girls in the village from 16 to 25 years of age as contestants.

A ballot is to be given by all members of the Business Men's association with each \$1 purchase. The votes will be collected and counted each week and the results listed in the local papers.

All profit from the street dance and carnival will be turned over to the village for improvement of village streets.

Homewood Festival

Dates have been set for Homewood's annual Midsummer Festival and Carnival for 1948, the dates selected being July 27, through August 1, according to a joint announcement made this week by the Wally Burns VFW Post and the American Legion Post 483.

Doepf's field, at Olive and Dixie highway, will again be the scene of this year's gala affair, which will be conducted in traditional carnival style.

Services Sunday For Lt. Berle H. Needham and Lt. Oliver Lauffer

Joint military memorial services will be held Sunday afternoon at four o'clock in the Mokena Methodist church in memory of Lt. Berle H. Needham, whose body has been returned to this country for burial, and in memory of Lt. Oliver Lauffer, who was lost in action with his plane while flying over the North sea returning from an attack on Hanover, Germany.

While services will be held in Mokena, the body of Lt. Needham will be buried in Herington, Kansas, the childhood home of Mr. and Mrs. Berle Needham, parents of the soldier.

In charge of the services will be the pastor of the church, The Rev. Robert Prater, and Rev. J. Frank Anderson, and the William Martin Post VFW of Mokena.

Lt. Needham was killed in action in the battle of Brest, September 13, 1944. He was a member of the 38th Infantry regiment of the Second division. Beside his parents, Lt. Needham is survived by two brothers, Richard and James and was the husband of the former Miss Dorothy Hall of Mokena.

Lt. Lauffer was reported lost in action July 26, 1943, and no further information has ever come to light. He is survived by his mother, Mrs. Florence Steele, two brothers, Bristol and George, and three sisters, Mrs. Victor Demkov, Mrs. Stanley Piper, and Miss Patsy Steele.

Mokena bows its head at this time in sincere appreciation of the sacrifices rendered by these two young men of our community in the service of their country.

FORMER MOKENA- FRANKFORT GIRL MARRIED IN WEST

Word has been received by Frankfort friends of the marriage of Miss Juanita Stermer of Seattle, Wash., formerly of Frankfort to Mr. Joe Matjanjan of Johnstown, Penn.

Juanita and her brother Kenneth have been living in Seattle for the past few years, while Lester their brother was in the armed service in Japan.

Several weeks ago Lester arrived in Seattle on his way home from Japan, bringing with him a friend. That is how these young people met, which resulted in their recent marriage.

The ceremony took place in the home where both Kenneth and Juanita were living. The Rev. Knight, pastor of the First Baptist church of Seattle officiating at a double ring service.

The bride was given in marriage by her brother Lester. She was attired in a pale green suit, white hat and matching gloves. Other attendants were her brother Kenneth and his fiancée Miss Donaldine Northover, also of Seattle.

The bridal couple left for Johnstown, where they will make their home with the groom's parents.

Lester came home to his parents, Mr. and Mrs. George Stermer in Spencer, where he is spending his time until he enters the University of Chicago this fall. The Sterners were also former Mokena residents.

New Lenox Schools Off to Early Start

Children who attend the school of New Lenox will be off to an early start this year, according to a statement made this past week by the superintendent, Mr. John Oster.

The usual procedure of starting school on the Tuesday following Labor Day will not be followed. Instead the first assembly of pupils will be held Tuesday August 31, at 9 a. m.

According to the regular school law, 185 teaching days must be gotten in during the school year. And with the beginning of school this term, on August 31, school will let out as usual the end of May; otherwise would run into June which has never been done in New Lenox.

New Industry Now Assured For Mokena

The L. Brownlee Company, located on Wolf road north of St. John's cemetery was granted June 30, a change of classification from residential to light manufacturing zone by the Will County zoning board.

This company manufactures crop driers, a farm-machinery specialty for drying hay in the barn, and are doing quite an extensive work in this line.

YOUR OLD FLAME HAS THE New Look!

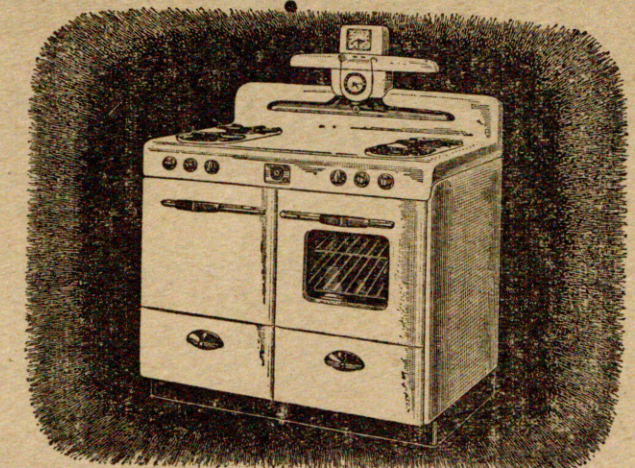

Broiling at its Best...
in a modern GAS range!

BROILER MEALS are a hit with the family every time . . . and quick and easy to prepare on a modern GAS range. You'll use the new smokeless, spatter-proof broiler often . . . it's so clean and fuss-free. You and your kitchen keep cool because the broiler door is closed the whole cooking time. The new broilers are easy to clean, too—just lift out and wash like a plate. Yes, complete to broiler, today's GAS range has the New Look!

The new GAS ranges will even cook a meal while you're away from home! You'll just set the automatic clock control. The range turns itself on . . . cooks . . . and turns itself off! This is AUTOMATIC COOKING . . . yours in a modern GAS range.

You'll like the smooth new lines of today's GAS ranges, too! They slip neatly between cabinets . . . set flush against the wall . . . and sweep right down to the floor. The all-in-one porcelain tops have no seams to catch dirt . . . can be wiped clean in a jiffy with a damp cloth.

Today's GAS ranges have all the new features you want—plus the reliability and economy you've come to expect from

a GAS range. Built to last—your new GAS range will give you long years of dependable service.

Now you can replace your old range with one that's even more efficient.

CARD OF THANKS

I want to thank all relatives, friends and the Royal Neighbors of America for cards, and flowers sent to me while in the hospital.

MRS. ELMER SCHOENECK

Mr. H. R. Carpenter of Woodland Circle underwent a serious operation in Hines hospital June 23. He is improving nicely. His sister Mrs. G. L. Bader of Detroit, Mich., spent last week in his home. Also his brother.

and wife, Mr. and Mrs. William Carpenter of Detroit, spent the week end in the Carpenter home.

Mrs. Elmer Schoeneck returned June 27 from Silver Cross hospital where she had been a surgical patient.

Capt. and Mrs. B. H. Adams, of Annapolis, Md., were guests of her brother, Mr. and Mrs. Oliver Schafer a week ago. Capt. Adams is head of the U. S. Navy hospital at Annapolis.

Mrs. August Pfleger entertained her 500 club in her home June 30. Prizes were awarded to Mrs. W. D. Roberts, Mrs. Bert Spiess and Mrs. William Schult.

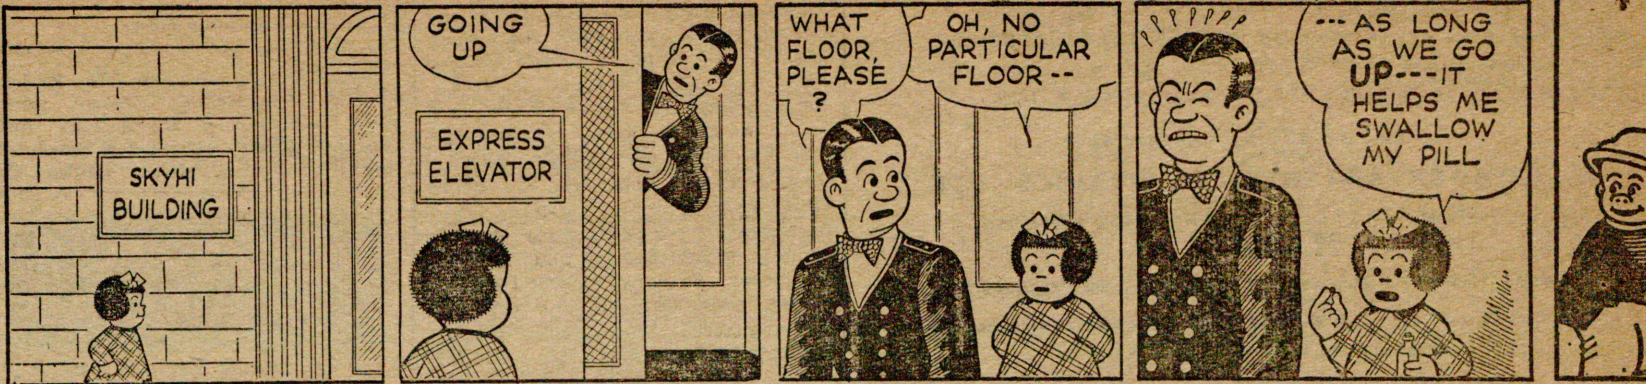

Mr. and Mrs. James Fassett spent the week end at Galena, Ill.

Mr. and Mrs. Jameh Egerton and family of Evansville, Ind. Mr. and Mrs. George Dath and family and Mrs. William Helenhouse left last Saturday to spend a week's vacation at Minoqua, Wis.

Mr. and Mrs. Hod Etherton and daughter Peggy of Owatona, Minn., spent two days last week with her brother, Mr. and Mrs. Ray Westlund and family.

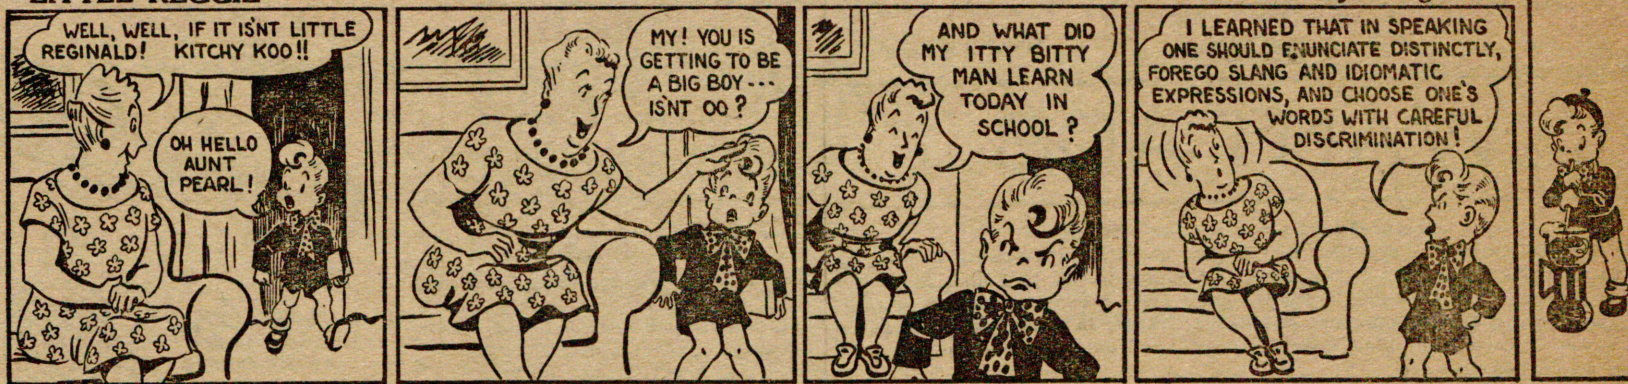

Miss Emily Green of Watertown, N.

NANCY

By Ernie Bushmiller

LITTLE REGGIE

By Margarita

Y., spent several weeks with her cousins, Mr. and Mrs. Oliver Schafer. She returned to her home last week.

The Ladies Aid society of the Immanuel Lutheran church met yesterday with Mrs. Gode in the parsonage.

Mrs. Dora Roesner entertained her pinocle club in her home yesterday

afternoon.

Sue Ann Shoop, daughter of Mr. and Mrs. Arthur Shoop has been spending two weeks with her grandparents, Mr. and Mrs. H. O. Moore in Ashton. Her parents motored to Ashton last Saturday returning home Tuesday bringing Sue Ann with them.

Mr. Berle Needham spent last week end in Herington, Kansas.

Mr. and Mrs. Bert Spiess, Mr. and Mrs. Everett Creer and son of Orland Park, Mr. and Mrs. Howard Spiess and children of Chicago were among the dinner guests last Sunday in the home of Mr. and Mrs. Albert Marti in New Lenox.

Irvin Hentsch and Donald Sands are spending this week at the DeJes, Wis. They also intend to visit with the Erwin Marti and Walter Cappel families.

A basket picnic was arranged by Mr. and Mrs. Ray Hiesman of Blue Island which was held Sunday in the woods of the William Funk farm near Frankfort, honoring the 21 birthday of their cousin Esther Funk, daughter of Mr. and Mrs. John Funk. Dinner and supper was enjoyed as well as games, singing and listening to the radio. Guests were: Mr. and Mrs. John Funk, Mr. and Mrs. William Baker and family,

Mrs. Florence Baker, all of Harvey; Mr. and Mrs. Gerhardt Reichel, Mr. and Mrs. Erwin Rockrohr and family, Miss Esther Becker and the Heilmans all from Blue Island; Mr. and Mrs. Carl Ginder of Tinley Park; Mr. and Mrs. Wilbur Teske and family, Mr. and Mrs. August Werner, Mr. and Mrs. Gus Long, daughter Nancy, Mr. and Mrs. Harold Baker and family, Mrs. Fred Hentsch, Mrs. Walter Hentsch, daughter Susan Rae, and George F. Wanne-macher all of Mokena and Miss Marjorie Yunker of Orland Park. The honored guest received many lovely gifts.

Fred Hentsch and son Walter enjoyed a fishing trip to the Kankakee river Sunday. They tell us of the many fine fish they caught and enjoyed eating after they returned home.

Mrs. Peter Mancke and sister, Mrs. Alma Hauck, and sister-in-laws, Mrs. Andrew Cappel and Mrs. Emma Cappel spent last Thursday with the formers son, Mr. and Mrs. Wilbur Mancke in Tinley Park. The Wilbur Manckes expect to move this month to their new home in Idaho.

From where I sit ... by Joe Marsh

Will's Hospitality Isn't "Cracked"!

Ever since January, Will Dudley planned to give his living room that "new look"—planned to carefully refinish the woodwork and replaster the walls.

Every time Will got out the putty to start filling in the cracks, a neighbor stopped by to pass the time of day — and first thing you knew, there was a group of us helping Will do the job up right. After Will called a halt to the evening's work, we'd sit around the fire enjoying a friendly argument and a sparkling glass of mellow beer.

So Will's living room doesn't look like it did a year ago—but it's by far the most "livable" living room I know: A place you can always drop in for good talk, good beer, and a warm welcome.

From where I sit, so long as Will puts that atmosphere of hospitality and good fellowship ahead of everything else, we'll all be happy to help Will change the looks of his living room any time he wants.

THE ALLIS-CHALMERS MODEL G TRACTOR

Rear-Engine Design
Introduces
Straight-Ahead Vision

NOW you can see it . . . a tractor that leaves your forward vision clear. Here is the first major development in tractor design since rubber tires replaced steel wheels.

It's not just another size tractor, but a new idea in farm power — a new system of motorized farm tools. Plants up to 25 acres of corn, sorghums or soybeans per day with 2-row drill planter; handles one 12-inch, front-mounted moldboard plow and 5-foot mower. Operates on 2 to 3 quarts of fuel per hour. Starter, lights and full size rubber tires are standard equipment.

Come in and look it over.

HERE'S HOW IT IS DIFFERENT

Shopping Trip Reveals News About Clothing for Babies

By Ertta Haley

IF YOU'RE dressing the small fry these days, you'll be delighted with all the new tricks designers have put into their clothing to make them easier to get on, to take off and, best of all, to wear.

Many new fabrics are on the market, and we have come a long way from the pale pink and blues that used to be standard stock in colors for the younger set. Your little son may look better in a dusty pink, yellow or aqua than in robin's egg blue. As long as the clothing is mannishly styled, as it is now for the wee young man, let him wear the color most suitable.

Little girls may wear pink very well, but you'll see them decked out in bright red, royal blue or navy, and aqua as well as yellow, but the clothes are feminine.

Choose Clothes That Wear Well Longer

Look for well knit, nicely stitched garments. Members of the younger set do not wear their clothing for a long time since they outgrow it so quickly, but you may have other children or you may exchange it with another mother. Even if you do none of these things, at least the clothing won't look sleazy after a few tubbings.

Corduroy and seersucker are two good fabrics because they do not really need pressing. Then, too, there are cotton jerseys in the shape of little girl's dresses, rompers for boys or T shirts for both. If you smooth these out after washing, they need no pressing.

Many items of the clothing now being made have hidden let-out fea-

tures that will give more wear. Coats for both have large hems or sleeves that can be made longer. They cost a bit more but they are worth it.

Pants for little boys also have these features and are extremely practical. There also are outfits available that can be mixed, just as with men's clothing. If you have just two sets of trousers and pants, you can get more variety into the wardrobe.

Don't buy oversized clothing for toddlers. They will stumble all over it, and you won't be happy with the way they look. Buy or make the clothing with clever tuck-in features if you want longer wear as well as fit.

Timely Tips Given On Choosing Clothing

For summer and early fall before the weather gets cold, your youngster should have a coat for dress occasions. This is essential for going to church as well as visit-

As well as dress occasions

ing, when the destination is some distance from home.

For the boys, there are three piece corduroy sets which are practical, consisting of overalls, cap and coat. They may be worn together or separately.

For the small girls, coats and matching bonnets of eyelet or dotted swiss are excellent. Look for bonnets that are made with an elastic at the back so they will fit properly for a longer period.

Overalls are another must because most of the younger ones will wear these most of the day while they are out playing. Select a nice sturdy material like denim, chambray, corduroy or a good quality broadcloth. You'll like those with gay padded animals placed at the knees to prevent scuffs as well as to give longer wear.

Choose clothing with large, easy to fix buttons and holes so the youngster can learn how to manage dressing himself.

Sunsuits are among the more essential pieces. For the youngster who is not yet trained, there are very clever ones that have a plastic lining which takes the place of rubber or plastic pants, as well as keeping the suit from soiling.

It's best if sunsuits, too, are chosen of sturdy material. Those

Play Ensemble

Designed to take plenty of rough treatment without losing its "cover girl look," M. R. Fleischman's sturdy cotton play ensemble teams silver-grey shorts and bra with a copper jacket. The puritan-collared jacket boasts pockets big enough to hold everything under the sun.

I've seen are made of good quality broadcloth or firmly woven seersucker. Select tailored ones piped in contrasting materials for the boys and sweet little eyelet trimming for the girls.

Ruffled suits are attractive, but unless you have time to spare for laundering, better stay with the simpler trimmings that don't require special attention.

Rayons Enter Picture For Infants' Wear

Rayons are entering the style picture for infants. You'll be seeing christening dresses as well as diapers and other wearables in this youngest group. They're made very soft as befits the necessity, and are durable and comfortable.

Rayons also are being used widely for blankets and other wrapping apparel for the newest babies. You'll find these very comfortable during the warm months.

Choose Shoes for Fit, Comfort and Styling

Youngster's shoes are not just smaller models of grown-up shoes although they are beginning to look very much that way. They require special care to be made to fit growing, active feet, and you should have the youngster fitted properly when he is walking enough to need shoes.

The dainty, covered look will be popular for little girl shoes and the casual rugged look will predominate the little boys' field. Cowboy boots and novel variations of aviator shoes will come into the picture shortly.

Saddle shoes still continue to be popular, especially in brown and white, black and white, and red and white combinations.

Be Smart!

Rustling taffetas, always so crisp and youthful in their effect, are the most beautiful foils in the world for those flower-fresh touches of organdie, fine embroidery, net and lace. They also make a lovely contribution when you want to manipulate fabric in such details as cartridge pleated sleeves off a drop shoulder line. If you choose the frout-frout of white, don't overlook the newness and flattery of age-old fishu effects.

IMPROVE STATE FAIR GROUNDS

More than one million dollars is being spent to improve the Illinois State fairgrounds at Springfield, according to Conrad F. Becker, business administrator for the fair. Ten new brick cattle barns are being built, replacing old wooden structures. The former beef cattle barn has been made into a modern horse stable. Practically every building on the grounds has been repaired, many with new roofs and interior renovation.

Much is being done to make the fair more pleasant for visitors. Ten new comfort stations are being constructed in various parts of the grounds. A new sewer system is being put in. Sidewalks are being widened, streets repaved, and grading and landscaping are being done. The concession area on Judy avenue is being enlarged.

The fair opens Friday, Aug. 13 and will continue through Sunday, Aug. 22, with a full program of entertainment and recreation for the entire ten days.

Rufe's Ramblings

By RUFÉ PICKETT

By Rufe Pickett

One time way back yonder a group of us were walking down the railroad track to the show ground, which was just one mile below the city limits. Long before we got there we could hear music. Sounded like some sort of an organ alternating on "Riding on that Old New River Train" and another song hit of the day which went into detail about the boy who was leaving today and admonishing him to "have courage my boy and say no." When we rounded the curve we could see the merry go round—hobby horses everybody down home calls them, and hear the show folks telling everybody they were sure to win every time the wheel stopped. But what attracted my attention the most was a big round shin-

ing thing. I asked the fellers I was with what it was and one wise cracked came back with an answer that caused everybody to laugh. I thought at the time he was joking but I couldn't put up much of an argument because a silver dollar looked as big to me as a Ferris Wheel.

THE LOW DOWN FROM HICKORY GROVE

I will discuss today—in my learned fashion—flood control. FLOOD CONTROL has been the alibi, or alibi, or "front" to cover the socialist angle on our river powerhouses. In Russia they don't need to alibi "Govt. power"—they just speak right out call it what it is, communism. But here in our own fair and democratic land we beat around the bush—we call it "flood control."

And to help illustrate my lecture we will take mama's dish-pan and fill it brimful of water. The dishpan is in the same spot as a dam across a river and which must be kept brimful in order to make power. Now we will turn on the faucet—nothing to it, over she goes—whether it is mama's dishpan or a Grand Coulee or a Bonneville—and out the window goes flood control.

And Uncle Harry—he has been touring the West recent like—he saw, first hand, my experiment as it worked there on the Columbia. He was in Oregon and Washington—there in the middle of the big dam electric country—take to the boats. And the old boy, if he should ever again suggest pouring more dinero for "false front" flood control, somebody can interrogate

him—ask him what it was that he saw and heard out there as he was sashaying around and amongst those Oregon and Washington web-feet and clam diggers.

Senator's Debate Vet Postoffice Appointment

The dying hours of the 80th Congress were treated to acrimonious debate between Senator William Langer, Republican (North Dakota), Chairman of the Senate Post Office and Civil Service Committee and Senator Scott W. Lucas, Democrat (Illinois) over nominations of postmasterships in approximately 38 Illinois communities.

The debate had been preceded by remarks by the Illinois Democrat the previous day when he filed resolutions to discharge Langer's Committee from further consideration of the nominations.

Senator Langer charged that Lucas had made an unwarranted attack against Senator C. Wayland Brooks, Republican, (Illinois) in an earlier debate by charging that the Langer Committee had purposely held up the Illinois nominations at the behest of Republicans for political reasons. Inasmuch as Federal patronage subject to Senate confirmation has been a constant bone of contention between the Democrat-controlled White House and the Republican-controlled Senate.

Senator Brooks immediately disclaimed the allegation and Senator Langer reiterated this by his lengthy statement against Senator Lucas in which he not only took full responsibility for the action of the Senate Committee on Post Office and Civil Service but

praised Senator Brooks for his fair-minded attitude on such cases.

"I want to make it unmistakably clear, not only to the people of the State of Illinois but to the people of the entire United States of America," declared Senator Langer, "that from no other Senator so far as veterans are concerned and particularly disabled veterans have I received more cooperation and finer help from the distinguished junior Senator from Illinois (Brooks)."

This statement was in reply to Senator Lucas' allegation that disabled veterans eligible for postmasterships in Illinois were being discriminated against by Republicans for political reasons.

In further refutation to the Lucas charge, Senator Langer said, "Time and time again Senator Brooks, who himself lost a brother in World War I, has asked me to be certain that no veteran, particularly a disabled veteran, should in any manner whatever be discriminated against."

Senator Langer told the tense Senate that on one occasion Senator Brooks criticized political maneuvering in postmasterships by saying, "I want you to be certain that that sort of thing does not transpire not only in my own State of Illinois but anywhere in the entire country."

"So, with the help of Senator Brooks, I, as Chairman of the Post Office Committee," Senator Langer continued, "have instructed the entire Committee Staff to be certain that no veteran should be discriminated against."

Senator Langer asserted that he could readily understand the solicitude of Senator Brooks towards all veterans because the Illinois Republican "is one of the most distinguished and outstanding veterans of World War I, a man who was wounded time and again and decorated with almost every medal and every ribbon that this great country could give him in that war."

Senator Langer challenged Lucas on the question of politics in post office appointments by charging that Senator Lucas' family had been given preference in at least two post office ap-

pointments in Illinois in recent years. He asserted that J. Wiley Lucas of Abingdon, in Knox County, Senator Lucas' brother, and another man, Henry E. Altig, at Cullom, in Livingston County, had been given postmasterships in their respective towns. Langer referred to Altig as Senator Lucas' brother's brother-in-law.

Further, Langer charged that Wiley Lucas, in a one-man examination, made a failing grade of 68.23 but that officials had "reviewed" the case and up-graded the Lucas papers to 70.23. He described the examination as a violation of civil service regulations because of the failure to call for a new examination, a mandatory procedure in instances where there is only one applicant.

The fiery Dakota member further asserted that Altig was given his appointment in preference to a veteran, by grading Altig up 5 points and by grading the veteran down 10 points. He also said that Altig did not have the basic qualifications, having been a laborer, the operator of a one-horse draying line, and the holder of odd jobs in the community. The Wiley Lucas appointment was made in 1941 when the Roosevelt New Deal power was still at high tide and the Altig appointment was made in 1945 when the Democrats still held control of Congress.

SMALL OUTBREAK OF ARMY WORMS IN EASTERN PART OF COUNTY

Farm Bureau officials report that a small outbreak of army worms has occurred about three miles southwest of Crete. Several acres of corn have suffered severe damage on the A. S. Hutman farm. Some damage has occurred in one corner of an oat field.

Since most of the damage is done by army worms feeding at night their presence may not be suspected until considerable damage has already been done. When the food supply becomes exhausted in the fields where they have hatched, the caterpillars move out in hoards and in an army attack crops in nearby fields. Because they crawl in masses, they have been appropriately called army worms. On becoming full grown the worms are nearly two inches long. The first generation does the most damage.

One of the most effective methods of control is to poison them by scattering a poison-bait mixture in the fields where they are feeding or across the line of march of the worms when they are leaving fields where food is scarce. A very good bait for this purpose can be made as follows: 25 pounds dry bran, three gallons of water, 2 quarts cheap molasses and 1 pound sodium arsenite. The water, molasses and sodium arsenite should be well stirred together and then mixed with the bran.

Only such water should be used to make a crumpling mixture.

This poison bran should be scattered in the late afternoon by hand or using an old gate feeder at the rate of about 8 pounds to the acre.

The Farm Bureau will appreciate receiving any reports regarding it.

ANTIQUES BOLTED TO TREES WHEN LIGHTNING ZOOMS

In ancient days, superstitious people had some peculiar ideas about seeking shelter from lightning. Like as they'd stampede to a certain kind of tree, which they supposed was miraculously immune from the proverbial bolt from the blue.

Research by Don Fowler, of the Tree Expert Co., has unearthed some historic fancies on the subject. Nero and his Romans, for instance, took shelter under the birch and placed holly near their homes as an additional safeguard. Tiberius, another Roman tyrant, had a different idea. He placed a laurel wreath on his noggin and jagged bolts flew through the oak and some say he played things down safe by hitting the deck under the holly.

The Norse wouldn't cut down an oak for love or money. Thor, the god of Thunder, would become enraged at flung his hammer at them, they believed.

An old Indian superstition still exists that the beech tree is lightning proof. Tribes would scamper en masse to the nearest grove at the first crack of thunder. As a matter of fact, the beech is rarely struck by lightning because it usually grows in groves with other taller trees draw the bolts.

According to Mr. Fowler, any tree may be struck by lightning, but generally the taller tree that falls victim simply because it lessens the distance between clouds and earth. Chances are isolated trees, trees on high ground, deeply rooted trees, trees rather moist or wet soil, and trees with thick barks that become soggy. Davey tree experts are busy these days rigging up lightning rods to protect valuable shade trees.

SCRIPTURE: Exodus 24:1-11; 35:30-39:13; 1 Chronicles 15.
DEVOTIONAL READING: Exodus 20:1-17.

Bezalel, The Craftsman

Lesson for July 11, 1948

THE dignity of labor, the source of artistic ability, the secret of mechanical skill, and the service of good workmanship—these are the facets that break across the ages, pointing us to worthy effort, as we study again the achievement of Bezalel and his associates in the construction and furnishing of the Tabernacle at Sinai.

You will wish to read the scripture passages for the lesson and the devotional reading, Exodus 20:1-17, and the golden text: "Whatsoever thy hand findeth to do, do it with thy might," Ecclesiastes 9:10.

A MAN WHO DID FINE WORK
BEZALEL, grandson of Hur, son of Caleb, was called of God to superintend the building of the Tabernacle. His name means "under the shadow of God." He knew how to do fine work, having been trained in Egyptian art and handicraft—metallurgy, carpentry, weaving, embroidery, leather-dyeing, gem-cutting and confections. He even knew the art of apothecary.

Best of all, he loved to do fine work. It is one thing to possess the know how, it is yet another thing to love the execution of a great design.

TRAITS OF CHARACTER
BEZALEL possessed knowledge as a fine craftsman, but back of this technical knowledge was spiritual discernment. He was filled "with the spirit of God." He worked at the temporal, but he worked for the eternal.

He possessed wisdom—wisdom which comes only from God. Wisdom which means understanding in the sense in which Solomon speaks in Proverbs.

Picture life with every workman filled with the spirit of God, and possessing an understanding of his task in the light of God's eternal will. Here, I fancy, Henry Van Dyke may have got the inspiration for his great poem on "Work."

HANDS THAT SERVE GOD

A HOLIAB, meaning "the father is my tabernacle," was called of God to help Bezalel in this high and holy task. He was of the tribe of Dan—which tribe furnished Hiram as chief artist in building Solomon's temple. Aholiab, "given of God" for this divine task, gladly dedicated his skillful hands in helping Bezalel.

And there were many others who helped—"wise hearted," we read. Here was a task, God's task, and here were leaders, Bezalel and Aholiab, ready to serve God; and here were helpers, wise hearted.

WORK FOR EVERY DAY

TURNING now from the fascinating story of how Bezalel and Aholiab and their helpers constructed and furnished the Tabernacle at Sinai, according to the minutest detail as outlined in the passages above cited, let us ask, What about our work?

There is work for everyone every day. "To every man his work." And every task is essential in bringing to pass the Kingdom of God on earth. God did not make us for idleness. He made us for a purpose—that purpose to do our particular work. None other can do what God has ordained that we should do.

"My Father worketh hitherto, and I work," said Jesus. "Work, for the night cometh when no man can work."

Will my work be done ere the night come?

"Time worketh,
Let me work, too,
Busy as time my work I ply,
Till I work the work of eternity."

New Generations

God is the infinitely persistent experimenter, and when one generation fails him he always tries another. Always there is a new generation as fresh and multitudinous as morning dew, to hear again God's gracious gospel and have an opportunity to respond to his inspiring challenge.—E. M. Walker.

Missions

Whether we like it or not, we have been thrust into a world that has been crowded up into such close quarters that there is no longer any "home mission" field or "foreign mission" territory. The needs of all the world are our problem.

SUNDAY, JULY 11

Sunday, July 11 all baseball fans of Orland will see 2 games when the Busch Motor Sales play Oak Forest in first game at 12:30 noon. Oak Forest were the champs last year and are one of the two teams that have defeated the Busch Motors this year. A hard fought game is looked for.

In the second game the Orland A's, sponsored by Raschke Bar-B-Q will take on the strong league leading Lincoln A C's who have not lost a game and have won 6 straight.

The Bar-B-Q boys have been strengthened considerably and some real good baseball is in the making.

BUSCH MOTOR SALES 10 SOUTHWEST MERCHANTS 7

In a free hitting contest featured by 4 home runs, the Busch Motor Sales took their colors and showed their war at Marquette Park July 4th and celebrated with a bang up victory over the strong Southwest Merchants to the tune of 10 to 7. This makes the 7th straight win for the Busch Motor Sales, and an enviable record in league and non league competition.

Lach was on the mound for the Ford boys and in 2 innings only 6 men faced him. In the 3rd inning the Merchants solved his curves for 4 hits, good for 4 runs when the fourth hit was a home run by Berg.

Not to be outdone the Motor Boys had their big inning in the 5th before they crossed home plate. Estand led off with a base hit, Lee also singled. Lach was given a base on balls filling the bases. Kramer then hit a fly which the 3rd baseman caught. Doogan then came thru with a double to clear the bases. Tuttle filed to center, Schmaedeke then hit a home run to put the Busch boys in the lead 5 to 4. W. Keuch got a hit but the inning ended when he was out at 2nd on an attempted steal.

In the 6th the Merchants tied the score when hits by Smith, Murphy and

Carlson, along with an error by Orland was good for only 1 run.

In the 7th Murphy developed a wild streak and the Ford boys went around the bases in neutral. Lach and Kramer walked, Doogan and Tuttle singled. W. Keuch, and N. Keuch walked, the net result being 3 runs. A walk to Kramer in the 8th followed by Doogan who was hit by a pitched ball and Tuttle's hit produced 1 more run.

The Merchants brought the score up to 9 to 7 in the 8th when Clark and Laudi hit successive home runs.

In the 9th the Busch boys manufactured another run when W. Keuch doubled and went to 3rd on a wild pitch. Estand got a walk, his 3rd base on balls. These boys then engineered a double steal W. Keuch scoring and Estand going to 2nd.

The inning ended when Rogers grounded to the pitcher and Lach fanned. Three men only faced Lach in the 9th who pitched a steady game.

LARKS 5, BUSCH MOTOR SALES 3, 10 INNINGS, JULY 5TH

In a see saw affair the Busch Motor Sales ball team finally had their winning streak halted at 7 straight games, when the Larks from Evergreen Park came out on the top side of a 5 to 3 score in 10 innings. In the first inning Kramer walked, went to second on a passed ball and scored the first run in the first inning on Tuttle's double.

The Larks matched this run in their half of the 2nd when Mackowick singled, Micetich got a life on an error and Young's hit. The Larks went ahead in their half of the 6th when Mackowick reached first on an error, went to 2nd on a wild pitch and went to 3rd when Micetich grounded to short and scored on an error.

This 1 run lead held up until the Orland 7th, when Rogers got to first on Micetich's error, Doogan filed to right

field, Kramer was hit by a pitched ball and Roger's scored when Cure's ground-er was fumbled by Lombardo at short, and Kramer scored on a squeeze play, Tuttle reaching 1st on the play, Schmaedeke fanned and W. Keuch grounded to short for the third out.

The Larks tied it again in the 8th when Bronnfield got a hit, went to second on a wild pitch, May singled and when Dorselt singled Bronnfield crossed the plate.

Neither team scored in the 9th. But in the 10th Bronnfield walked, went to 3rd when no one covered 2nd on the steal and came home when Kramers throw home was wide of the plate on Dorselt's grounder. Casper then got a hit and Dorselt going into third was hit by the ball which entitled Dorselt to reach plate.

In their half of the 10th after one out W. Keuch and N. Keuch singled, Estand struck out and the game ended when Lach grounded to 2nd.

Doogan for the Motor Boys pitched consistent ball and kept the 10 hits pretty well scattered.

Orlands offense went into low and only 6 hits were registered off of three Lark pitchers.

BUSCH MOTOR SALES 8 WORTH BEES 4

The Busch Motor Sales ball team kept up its winning ways that landed them in first place by defeating the Worth Bee's Wednesday, June 30th in a 7 inning twilight game by a score of 8 to 4. Worth scored two runs in the 2nd inning when Dolmetich and Campbell walked and Garrison came thru with a rousing hit to left field. The Busch boys got one of these back in their half of the inning when W. Keuch walked, went to 2nd on a wild pitch took third when Doogan grounded to first and beat J. Frawley's throw home when Cure grounded to 2nd. The Motor Boys then turned on the power in the 3rd inning. Kramer started with a walk, Walsh grounded to short for the first out. Tuttle doubled, Schmaedeke's squeeze bunt tied the score and he was safe at first. W. Keuch then doubled, scoring Tuttle and Schmaedeke and Doogan singled, W. Keuch registering at home plate. Doogan was caught off first, for the second out, Cure also doubled but the inning ended when Lee grounded out to 2nd base. In the 6th inning Worth again scored 2 runs, Campbell got a life on an error, Garrison walked, and J. Frawley hit to right center. Before the ball was returned to the infield, J. Frawley was resting on 3rd base. Ludwig then took over the pitching duties from Doogan, who had been doing a nice job allowing only 3 hits but was inclined to be a little wild.

In their half of the 6th inning the Ford boys crossed the plate 3 times. When Walsh singled and Schmaedeke got a walk after two were out. W. Keuch hit a hard ball down to second. J. Frawley made a nice stop but threw the ball over the first baseman's head. W. Keuch took second from where he scored on two wild pitches.

SPORTSMEN WIN OVER GRANDVIEW 6 TO 1

On Monday, July 5th, the Sportsmen traveled to Grandview to play a game originally scheduled for July 7, and won 6 to 1.

Kenny Fircchau hurled for Tinley and turned in the best pitched game that we have seen this season. Fircchau allowed only 1 walk and 3 scattered singles in the first four innings and then tightened up to hold Grandview hitless in the last five innings.

In the first inning Cummins led off with a single, Anfield then grounded to third and was safe when the second baseman dropped the throw trying to force Cummins. Kuech next up laid down a perfect sacrifice advancing Cummins and Anfield to third and second. Nasebandt next up, went out pitcher to first, runners holding bases. Anderson then came thru with a beautiful doubles coring Cummins and Anfield with the first two runs of the game. Lloyd rolled out to the first baseman unassisted to end the inning.

Tinley came through in the fourth when Nasebandt singled, Anderson singled and Lloyd sacrificed them to 2nd and 3rd. Flicker then pounced out a double to right center scoring Nasebandt and Anderson. Baer struck out for the second out after which Fircchau doubled Flicker home with the third run of the inning. Cummins rolled out 1st to pitcher to end the inning.

In the fifth Tinley scored their last run of the game when Anfield was safe as the third baseman bobbled his grounder. Kuech fled out to right for the first out. Nasebandt tripped, Anfield home and was out at the plate by a perfect relay when he tried to stretch it into a home run. Anderson struck out to end the inning.

The bats of Nasebandt, Cummins, Anderson and Flicker, furnished the power with two hits each and Fircchau with one double.

On Sunday July 11th, Phoenix will come to Tinley's Memorial Park. Game time 2:30 p. m.

SPOTLIGHT TOURS

A trip to Santa Claus, Indiana that will be interesting to children, as well as parents, is suggested by the Touring Bureau of the Chicago Motor Club.

Mail addressed to Santa Claus is sent to this town at Christmas time to be remailed with the Santa Claus post mark. Miniature castles and towers built by toy and candy manufacturers will be found in the Toy Village near the post office. Santa Claus park contains a wishing well and a granite statue of St. Nick. The statue was dedicated to the children of America and is 22 feet high and weighs over 40 tons.

Also of interest are Little and Big Wyandotte caves at Wyandotte with their unusual varieties of formations in the shape of stalactites, stalagmites, helictites, flowers of gypsum, calcite and epsom salt crystals. Trips may also be taken through Marengo cave, a limestone cavern with stalactites, stalagmites and helictites.

Nancy Hanks Lincoln memorial and Lincoln State park are Indiana's tribute to Abraham Lincoln and his mother. Lincoln spent fourteen years as a boy and young man on this land.

New Industries Offer Increased Employment in This Territory

A total of 36 new industries made arrangements to locate their plants in suburban communities during the first half of 1948, it was reported by the Public Service Company of Northern Illinois.

When in operation, it is expected that they will employ over 2600 persons. Of the 36 new plants, 18 are newly organized firms, eight are branch plants of existing companies, and ten are moving their operations in from outside the area.

Largest of the new plants is International Harvester's recently announced parts depot, storage and transfer house to be located in Broadview, where an estimated 1200 persons eventually will be employed.
